List of Publications

Bart De Schutter

August 24, 2015

Contents

1 Books 1
2 Edited books 1
3 International journal papers 1
4 National journal papers 8
5 Contributions to books 9
6 International conference papers 11
7 National conference papers 33
8 PhD thesis 35
9 Project reports 35
10 Abstracts 36
11 Lecture notes 40
12 Reviews for Mathematical Reviews 40
13 Technical reports 43
14 Papers submitted for publication 45
15 Other publications 45

1 Books

2 Edited books

*See http://pub.deschutter.info/ for the most up-to-date list of my publications.
3 International journal papers (published or accepted)

For this paper we have been awarded the 2009 Andrew P. Sage Best Transactions Paper Award.

4 National journal papers (published or accepted)

5 Contributions to books (published or accepted)

[K1] M. Burger and B. De Schutter, “Effects of water flow on energy consumption and travel times of micro-ferries for energy-efficient transport over water,” in Transport of Water versus Transport over

6 International conference papers (published or accepted)

[C76] J.M. Maestre, M.D. Doan, D. Muñoz de la Peña, P.J. van Overloop, T. Keviczky, M.A. Ridao, and B. De Schutter, “Benchmarking the operation of a hydro power network through the application...

7 National conference papers (published or accepted)

8 PhD thesis

9 Project reports

10 Abstracts

### 11 Lecture notes

12 Reviews for Mathematical Reviews

13 Technical reports

14 Papers submitted for publication

15 Other publications
